NOTICE TO SEASONAL DWELLERS ON WAHTA MOHAWKS TERRITORY

Wahta Mohawks Council is unified in being supportive of the efforts of the Ontario government to level the case curve of the COVID-19 virus. At this time we are advising seasonal dwellers on the Territory to not come to your cottages for the time being.

We must echo what the province of Ontario has already broadcast numerous times, please stay at your principle residence at this time, as unnecessary travel to cottage country is not advised. Such travel not only increases the possibility of virus transmission, but creates the possibility of added stress to the already strained health care system in the area as well. Grocery outlets here are small and supplies at times are limited. Please consider the local population.

During this extraordinary time, we must reiterate the importance of non-essential travel. The sooner we can all realize the enormity of the effects of this pandemic, and do what the guidelines are asking us to do, the sooner we can get back to some semblance of our everyday lives. Residents of Wahta Mohawks have been sheltering down to do our part, and we urge you to do the same.

We all hope this will pass as soon as possible and that we can welcome you back to enjoy most of the summer. Your cooperation is very much appreciated.

Chief Philip Franks
